

HARTING Technology Group is one of the world's leading providers of industrial connection technology for the three lifelines of "Power", "Signals" and "Data", employs around 4,200 people across its 43 sales companies and 13 production locations.

High-performance connection technology forms the basis of industrial application and product technology. The HARTING range of products and solutions comprises connectors, device connection technology and network components. HARTING products connect machines and facilities via data, signal and power. These offerings enable solutions for the following markets: automation technology, robotics, energy, transport technology, machine construction, and infrastructure.

HARTING first entered China market in 1988 and is the first global connector manufacturer in the Chinese market awarded the CCC (China Compulsory Certification). HARTING China operates in Hong Kong, Zhuhai, Shenzhen, Guangzhou, Xiamen, Changsha, Wuhan, Hangzhou, Shanghai, Suzhou, Nanjing, Chengdu, Xian, Zhengzhou, Qingdao, Tianjin, Beijing, Shenyang, Changchun and Taipei. HARTING has manufacturing site in Zhuhai.
