嘉兴荣硕机械（嘉兴世迈）是一家专业从事研发、生产和销售陆上、海上风力发电机偏航齿圈，加工各类圈类零件，同时自己研发制造风电专业设备的企业。从 2006 年开始至今致力于风力发电偏航齿圈及各类圈类零件、专业设备的研发和生产。并于 2023 年开始开发燃气轮机静叶环类产品，至今已成功完成开发并认证成功。

目前主要产品为风力发电机偏航齿圈、主轴环、刹车盘，燃气轮机静叶环、支撑环、密封环等环类零件。同时，嘉兴荣硕（嘉兴世迈）自己研发制造出了如油孔径向钻孔机、车铣复合专机等，在向客户如 GE、西门子等提供合格稳定产品的同时，公司技术、设备研发团队根据客户图纸等要求在持续不断地改进加工工艺，提高生产效率，从而达到能合理有效地控制成本，提高市场竞争力。这些专机在自己工厂使用的同时，可对外销售。

为了给客户提供更稳定、可靠的产品质量，我们建立了完善的质量管理体系，目前已取得 ISO45001, ISO9001, ISO14001 和 SA8000 等质量体系认证。

Jiaxing Rongshuo Machinery(Jiaxing Shimai) is a professional enterprise in research and development, production, and sales of yaw rings for onshore and offshore for wind turbines, processing various types of ring components, and also developing and manufacturing wind power professional equipments on its own. Since 2006, Jiaxing Rongshuo (Jiaxing Shimai) has been committed to the research, development and production of yaw rings, various ring components, and professional equipments for wind power. Started developing the stator blade ring for GE gas turbine from 2023 and now already successfully completed the development and qualified by GE power.

The main products including yaw rings, main bearing surroundings, brake discs for wind turbines, stator blade rings, support rings, sealing rings for gas turbine and other ring components machining. At the same time, Jiaxing Rongshuo (Jiaxing Shimai) has independently developed and manufactured special equipment such as oil hole drilling machines and milling composite machines. These special machines already started to sell to the customers.

In order to provide the stable quality products and service to the customers, Jiaxing Rongshuo (Jiaxing Shimai) has established a comprehensive quality management system and obtained quality system certifications such as ISO45001, ISO9001, ISO14001, and SA8000.

径向钻孔机

Oil hole Drilling Machine

可加工回转支承，大型风电顶法兰

- 装夹方便

Convenient Clamping

- 可铣软带

Milling Soft Spot

- 内外径可同时加工

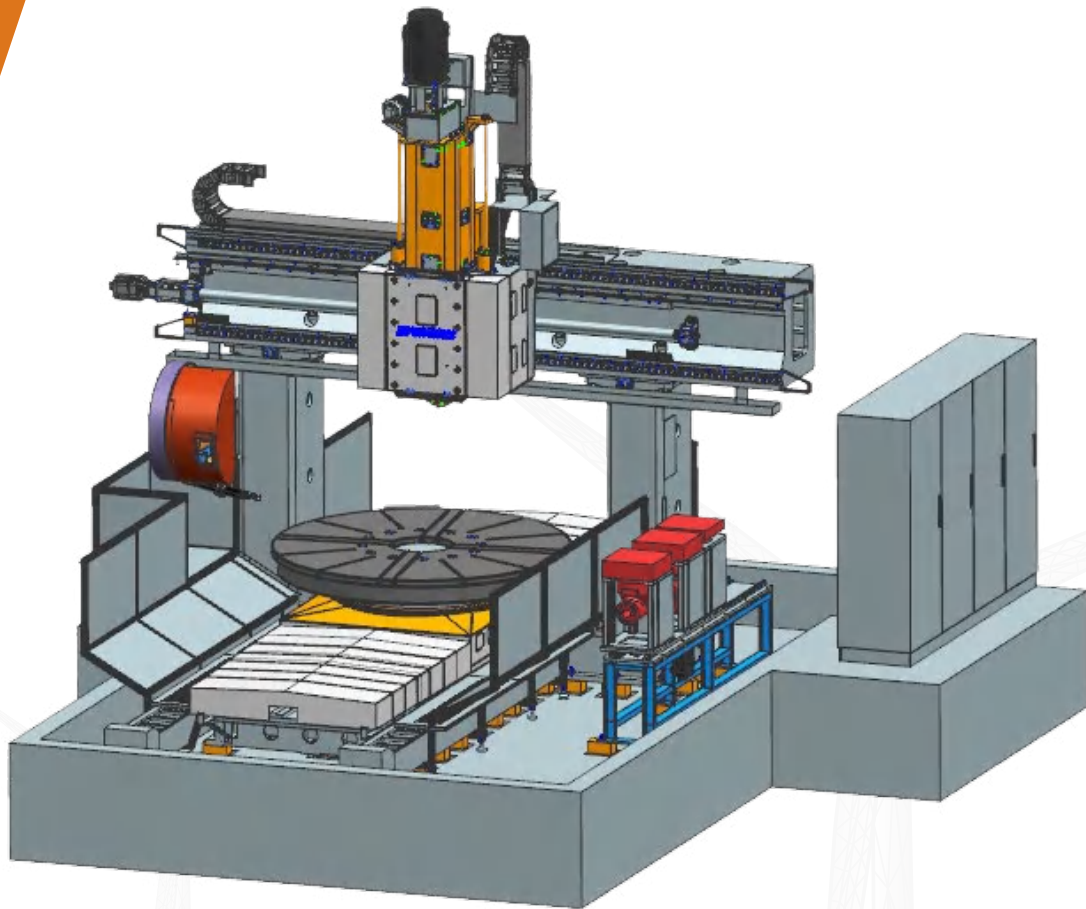

Machining Inner and Outer Diameter at The Same Time

3 米车铣复合加工中心

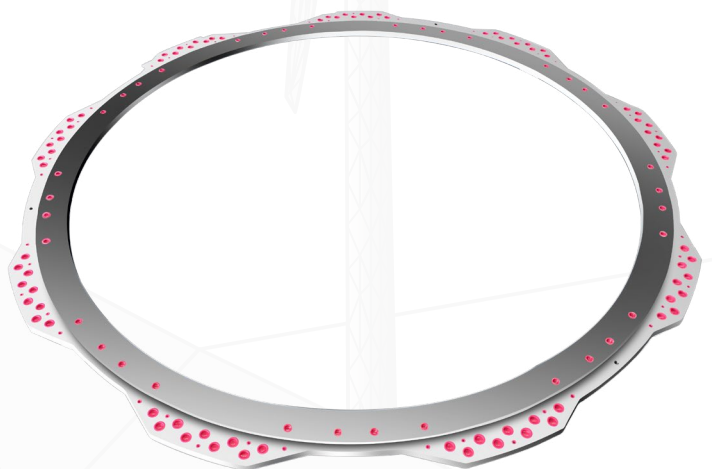

3-meter Turning & Milling Machining Center

可加工航空、医疗、核电、制氢等设备零件

风电产品 - 刹车盘

Wind Power Products - Brake Disc for
Wind Turbines

风电产品 - 偏航齿圈

Wind Power Products - Yaw Ring

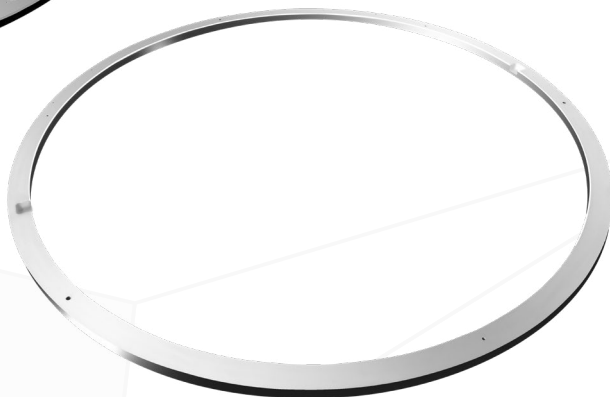

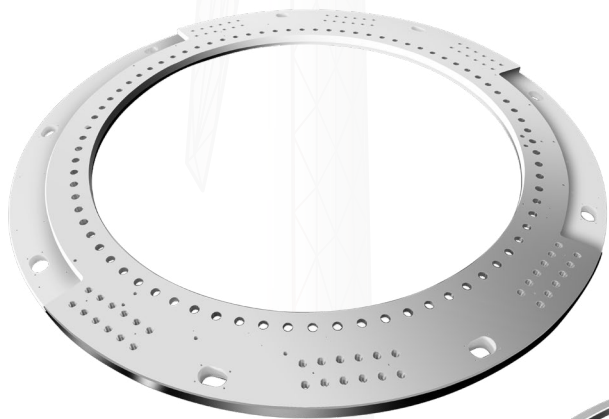

偏航齿圈：

直径：2 米 - 7 米

风电产品 - 主轴环

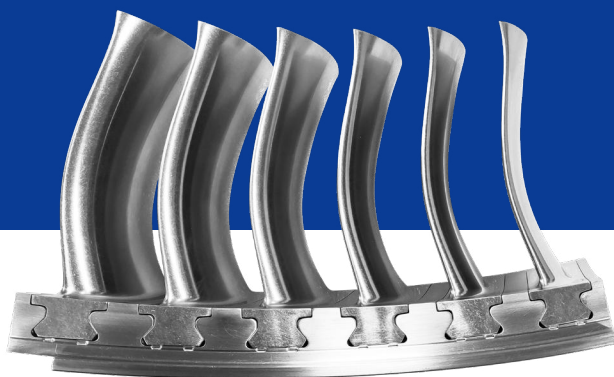

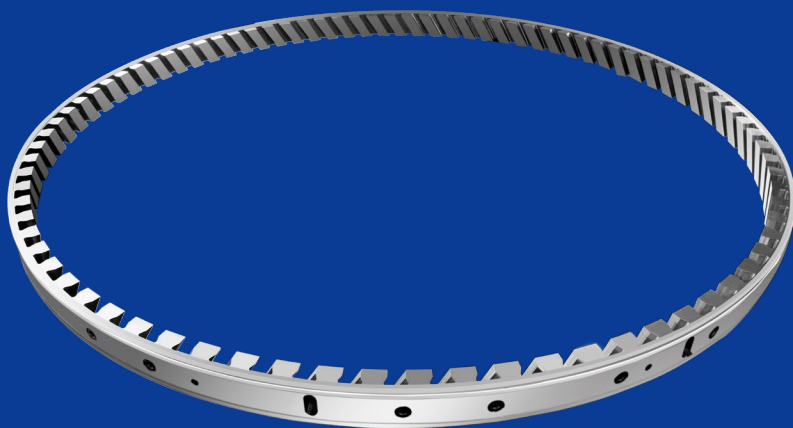

Wind Power Products - Main Bearing Surrounding

燃气轮机产品 - 静叶环

Gas Turbine Products - Stator Blade Ring

水电产品 - 止漏环

Hydropower Products - Stop Ring
