

包头金山磁材有限公司5000吨钕铁硼项目 鸟瞰图

## Company Profile

BAOTOU JINSHAN MAGNETIC MATERIAL CO., LTD. is located in Rare Earth High-Tech Industrial Park, and covers an area of 66,667 square meters with a registered capital of 125 million Yuan. BAOTOU JINSHAN has invested 450 million Yuan to build a factory with an annual productivity of 5,000 tons and it is specializing in the production of high performance Nd-Fe-B magnetic materials and devices of national high-tech enterprise. BAOTOU JINSHAN has passed the SGS ISO 9001 of 2008 and 2009, QMS, IATF 16949, ISO 14001 of 2004, OHS 18001, OHSMS of 2007 and ISO 26000: and it is one of the most promising enterprises in Nd-Fe-B industry.

Baotou Jinshan is fully based on its geographic advantage for rare earth resources, and introduces the international top-ranking equipment and detection means to develop productivity and research capability of high-end products. Focus on researching and producing the high performance Nd-Fe-B products with high magnetic energy products, high coercive force and strong corrosion resistance. A series of high-performance products, such as N55、N52、52M、50M、52H、50H、50SH、48SH、45UH、42UH、42EH、40EH、38AH、35AH, is running smoothly in mass production.

The company's products are widely used in different market, such as new energy cars, wind power generation, servo motors (equipment automation, robot), traction motors, variable frequency motors, information industry, medical equipments and other high technology industries.
