

北京日祥检测仪器有限公司
Beijing Rixiang Testing Instrument Co., Ltd

公司简介

北京日祥检测仪器有限公司是专业的工业检测仪器销售公司和无损检测方案供应商，目前销售产品主要涵盖：无损检测（NDT）产品（测厚仪、超声波探伤仪、涡流探伤仪、PA/TOFD）、工业内窥镜（RVI）、光谱仪、热补仪、热像仪，以及自主研发的定制化产品（风电叶片相控阵自动扫查系统、手持式单轴编码扫查器、链式扫查器、小管径扫查器）等产品。在多年的销售活动中，我公司与厂家和客户始终保持良好的关系，在业界积累了很好的信誉和口碑。产品在航空、航天、石油、化工、电力、钢铁冶金、汽车制造、新能源、轨道交通等行业过千家单位得到了广泛的应用。

Beijing Rixiang Testing Instrument Co., Ltd. is a professional industrial testing instrument sales company and non-destructive testing solution supplier. Currently, the products sold mainly include industrial endoscopes (RVI), non-destructive testing (NDT) products (thickness gauges, ultrasonic flaw detectors, eddy current flaw detectors, PA/TOFD), spectrometers, thermal compensation devices, thermal imagers, as well as customized products independently developed (wind turbine blade phased array automatic scanning system, handheld single axis coding scanner, chain scanner, small pipe diameter scanner), etc. In years of sales activities, our company has always maintained good relationships with manufacturers and customers, and has accumulated a good reputation and word-of-mouth in the industry. The product has been widely used in over a thousand units in industries such as aviation, aerospace, petroleum, chemical, power, steel metallurgy, automobile manufacturing, new energy, and rail transit.
